10th June 2024

Dear Families/Carers,

It is with great pleasure that we can share with you the findings of the Ofsted report (attached) following our full inspection on Tuesday 30th April until Thursday 2nd May 2024, which lasted for 2.5 days. It is with immense pride that I can confirm that our school, Education My Life Matters (EMLM) meets **all the independent school standards**. The report will also be accessible via the school website <https://www.emlm.org.uk/ofsted> and is published on the official Ofsted report website, eight working days from today's date.

I would like to take this opportunity to thank the Leadership Team, Board Members and EMLM staff, all of whom have worked tirelessly for the past year and a half. Their energy, focus and unrelenting drive to ensure our learners receive the best possible outcomes has ensured we have met **all the standards**.

I would also like to thank our learners and families/carers for their continued partnership work with us, where together we are making a difference to our community. It is this commitment that makes EMLM the very special school that it is. Thank you.

We will continue to work in supporting our families/carers and the community. We are committed to providing your learners with the very best education to meet their needs. Our learners are at the heart of every decision we make!

Yours sincerely,

Eyvonne Browne
Chair of Governors – Independent Executive Board - Education My Life Matters
