

EMLM holds a strong belief that reading for pleasure can be a deeply rewarding experience for our learners. With this in mind we decided to participate in the Book Buzz programme, run by Book Trust, it is a great initiative targeted at encouraging children to read for pleasure. Several schools have signed up to participate in giving children the opportunity to choose and keep a book from a list of 16 fiction and non-fiction titles.

Here are some key points about the Book Buzz programme:

Resources: Schools receive a comprehensive package including two copies of each of the 16 titles, bookmarks, posters, and a range of online resources

Inclusivity: The book selection includes a variety of text ranging in difficulty as well as dyslexia-friendly choices

Engagement: The programme includes author blogs, competitions, videos and quizzes to keep learners engaged
